For instance, Volume II has fray Diego de Bringas's Sermón de la reconquista de Guanajuato, predicado por fray Diego Miguel Bringas, el 7 de diciembre de 1810.

Bringas was a creole Franciscan friar and a strong royalist. Another interesting sermon in the same volume is fray José Jimeno's (I do not know if he was a criollo or not) Contestación de señor José Jimeno, del colegio de crucíferos de Querétaro, al manifiesto del señor Hidalgo, also in Volume II.

I think that the collection is a wonderful and easy-to-access internet tool for primary material on the war for independence.
